Hi. Erica. Thank you for this effort. Janet Adams from EN may receive the archived files; she made a request for compliance files also. Can you let her know when you receive the archives?

Jeff,

FYI, I have the Sterigenics permit documents that were in my files and some Compliance documents obtained from 10th floor records all scan and ready to be email to you or the acting (there is a checklist to be signed) and Shirley. I am waiting on some files that were archived. Sabrina placed a request for these and it takes 3 to 5 business days – possibly here Monday. I think the response date for this request is April 25. I will scan and email all files together. Making sure all files are non-CBI.

Thank you, Erica

This request limits the scope to this facility Sterigenics facility located at 2400 Airport Road, Santa Teresa, New Mexico 88008. Given that it is limited to this one facility, is it still appropriate to refer this to 6EN, HQ OAQPS, and ORD?

Thanks,
Nancy

Nancy, please add EN for the FOIA, and OAQPS and ORD to question re: *Ethylene oxide and the link between its use and cancer*. Thanks.
